Greetings to all! This is great news and we look forward to having our events in the fashion that we have enjoyed since 1988! NOTE that this must remain a tentative plan based on what transpires concerning the mitigation of the threat from Coronavirus Strain 19. As of June 15, 2021, and based on the best information that FDACS has, we were allowed to tentatively schedule this event.

Plans are being made for these events at Withlacoochee and alternative plans are in place if changes regarding the location have to be made. Official confirmation will be published with the Annual Newsletter and Meeting Notice which will be sent to all in August 2021.

In the meantime, please plan to be with us the first weekend in October. Ring in to help us plan your event. Producers should be considering consignments to the Sale.

Our Best Regards,
